INSTITUTE FOR
CIVIC & COMMUNITY
ENGAGEMENT

ICCE.SFSU.EDU

During its first 50 years, the College of Ethnic Studies has nurtured strong ties to community partners by placing students in volunteer positions and internships with some of the most dynamic organizations and agents of change in the SF Bay Area. Join us to learn about the power of these partnerships and ways faculty can enhance opportunities for students.

- ✔ Panel discussion with several of the College's most seasoned community partners will offer their insight regarding the best ways to promote social change through education
- ✔ Small group dialogue among faculty and community partners will include identifying best practices for Community Service Learning (CSL) in the next fifty years
- ✔ Generate ideas for faculty-engaged scholarship based on community needs & interests
